

TRESTLE 31 RIESLING FINGER LAKES 2019

Anything but showy, this beautifully crafted dry riesling has a wide spectrum of delicate citrus and stone-fruit aromas on the youthful bouquet. Just beginning to show it's true class, with fantastic structure that's already so well integrated on the medium-bodied palate. Very long finish with tons of wet-stone character. Excellent aging potential. Drinkable now, but best from 2023.
